BAL 5.3 Auto Leveling System

FREE feature for limited time!

Limited to fall program orders only. Talk to your sales managers for more information!

Click for downloadable PDF

“Press OK and Walk Away!”

Hassel Free Leveling and Camping Faster

Fully interactive touch screen

5 points of contact ensure the most complete leveling experience

Auto Level Commercial!

[Click Here or below.](#)

Key Features:

- ✓ Consistently levels and stabilizes the unit.
- ✓ 5 points of contact ensures the most level and stable camping experience.
- ✓ Auto reconnect and hitch height memory allows for hassle-free hookup to vehicle.
- ✓ User-friendly tongue jack touchpad w/LED lighting and locking lid.
- ✓ Large footpads w/Telescopic drop legs

GE APPLIANCES
a Haier company

GE® 17" RV Gas Range, Vented Range Hood, and Microwave

Range & Oven Features Include:

- ✓ **Edge-to-Edge Grates** – Easily move cookware on this seamless surface cooktop with continuous black matte grates.
- ✓ **Easy-Clean Enamel Oven** – The smooth enamel surface makes it difficult for grease and other dirt to stick to it.
- ✓ **Spark Ignition System** – Easily light each burner by turning on the burner a creating a spark with the spark ignition knob
- ✓ **Cast Metal, White Backlit, Range Knobs** – Heavy cast metal knobs offer durability with a high-end look. White backlit range knobs can be conveniently turned on and off.
- ✓ **Nickle Oven Rack w/Multiple Positions** – 2 flexible oven rack positions to accommodate a variety of cookware.

Range Hood & Microwave Features Include:

- ✓ **Watts & Power Levels** – This is a 900W microwave is on the high end of the wattage spectrum for its size. It also comes with 10 power levels!
- ✓ **Convenience Cooking Controls** – 7 convenient easy cook modes like popcorn and reheat buttons.
- ✓ **Instant On Controls** – Instantly set the timer between 1-6 minutes with the press of the instant on control button.
- ✓ **Filtered and Ducted Range Hood** – Fumes and odors are vented outside of your RV. The aluminum mesh filter can be easily washed under water!

GE APPLIANCES
a Haier company

GE® 9.8 Cu. Ft. 12 Volt DC

Power Top-Freezer Refrigerator

Features Include:

- ✓ **Semi-Automatic Defrost** – designed to save energy and improve battery performance.
- ✓ **Deep Freezer w/ a Shelf** – Accommodates larger items; even a bag of ice.
- ✓ **Adjustable Glass Fridge Shelves** – Two adjustable shelves to organize food storages.
- ✓ **Door Bins/Storage** – Frees up shelf space in the fridge & freezer.
- ✓ **Clear Crisper Drawer** – Helps preserve fresh fruits and vegetables.
- ✓ **LED Lighting** – Energy efficient and bright.
- ✓ **Compressor Cooling System** – No external ventilation required.
- ✓ **12V DC Power** – Specifically engineered for the RV and boat industries.

Differentiation Benefit: Wall Switch for the Refrigerator

- ✓ Catalina wires our 12V refrigerators to a switch located next to the refrigerator giving the owner the ability to turn off the refrigerator completely

****The 12V refer is a standard build item. Catalina offers a 7 cu. Ft. gas/electric RV refer as an option.**

[Back To Table of Contents. Click Here](#)

The Benefits:

- ✓ 2 Zones of Audio Control with dual zone control.
 - Have the TV/Radio playing through interior speakers (zone A) with a Bluetooth device playing on the outside speakers (zone B).
- ✓ Bluetooth Connectivity.
- ✓ FM Tuner with 10 Presets.
- ✓ HDMI ARC Cable Installed to Connect to TV (Yellow HDMI Plug).
- ✓ Parametric Lighting with 3 Different Light Modes.
- ✓ Interior JBL Speakers Specifically Paired for Optimal Sound.
- ✓ Exterior Speakers Specifically Paired for Optimal Sound.

Differentiation Benefit: Name Brand Sound System

- ✓ Catalina uses the JBP Premium Sound System. Very few other brands in our segment even know what sound equipment they are using!

TRAIL BLAZER

Download the
OneControl App
Below!!

OneControl Bluetooth Monitor

Panel

The Benefits:

- ✓ Control all monitor panel functions from your phone or tablet.
- ✓ Open awning and slide outs while being able to see potential obstructions.
- ✓ Turn on/off lights without having to go back inside of the unit.
- ✓ Check tank level and battery voltage and even set mobile alerts to come through when tanks hit designated alert status.
- ✓ Add additional accessories.
- ✓ Receive message notifications including maintenance reminders and tips.

Easy to Setup!

Step 1: Download the LCI OneControl app.

Step 2: Log into the mobile app.

Step 3: Connect your RV.

- Scan QR Code
- Push to Pair
- Search Devices

Step 4: Enter RV Details.

Step 5: Set up a pin.

CATALINA

TRAIL BLAZER

Multi-Colored LED Lighted Power Awning

Key Features:

- ✓ **No Hassle Power Awning** – *push button on the OneControl board, or open with your OneControl app!*
- ✓ **Heavy Duty Vinyl Fabric** – *Anti-mildew, Anti-scuff, and cold-crack tested.*
- ✓ **Adjustable Pitch** – *Pitch control on each arm allows for better sun blocking coverage. It also helps avoid pooling water!*
- ✓ **8' Extension** – *Solera Awnings extend out 8 ft. for plenty of camp site shade coverage.*
- ✓ **Multi-Color LED Light Strip w/Remote** – *Provides 15 different colors + white. Also includes features such as strobe, flash, fade, or smooth transition between colors. Stand out from the crowd with a unique color!*

Select OEMs may offer RGB (color) LEDs.

These lights use a separate IR (Infrared) remote and sensor. The top of the remote must be pointed at the infrared sensor on the LED receiver module.

The remote control provides:

- Simple push button on/off
- Adjustable dimming
- 15 color choices + white
- Special effects (flash, strobe, fade and smooth)

CATALINA

TRAIL BLAZER

Ramp Door & Optional Patio System

Key Features:

- ✓ 3,000lbs. Ramp load capacity.
 - 1,000lbs per wheel contact
- ✓ 1,500lbs. Ramp patio capacity.
- ✓ Ramp door doubles as usable camping space!
 - Add additional 40+ sq. ft. of space.
- ✓ Patio system stows onto the door.
- ✓ Set up takes less than 60 seconds.
- ✓ Patio rails double as guide rails when ramp is in loading position.
- ✓ Locking patio door for quick patio exit/entrance *(steps sold after market).*
- ✓ Roll Down Screen Wall/Tent Wall
 - Waterproof material
 - Large screen windows for air flow
 - Roll down window covers for privacy

HappiJac Bed Lift System & Roll Over Garage Sofas

HappiJac Bed Lift Standard In:

- 27THS — *Two Oversized Double Beds*
- 28THS — *Top Queen Bed, Bottom Opposing Sofas that makes second bed*

Roll Over Sofa Standard In:

- 26TH
- 29TH

Benefits:

- ✓ Creates maximum storage space while offering additional uses for the garage space.
- ✓ Multiple configurations for whatever needs the customer has.
- ✓ No Pins! Push button operation with easy to access levers designed to release or lock top bunk in place

Benefits:

- ✓ More comfortable than some competitor's "homemade" benches
- ✓ Multi-use as single sofa, dinette, double sofa's and a bedx
- ✓ Easy to stow against the wall to gain maximum garage space.

[Back To Table of Contents. Click Here](#)

1,500lb. Frame Mounted Tie Downs & 15' Toylok Anti-Theft Device

Number of tie downs per floor plan:

26TH – 10 tie downs

27THS – 6 tie downs

28THS – 10 tie downs

29THS – 13 tie downs

FEATURES & BENEFITS

Key Features:

- ✓ Screwed into the frame for maximum strength.
- ✓ 1,500lb. Rating for each tie down.
- ✓ Abundant tie downs per floor plan.

Key Features:

- ✓ 15' of PVC coated, anti-abrasion cable
- ✓ Internal pulley system to choose optimum length.
- ✓ 8,000lb. Rated cable.
- ✓ Retractable pulley system to stow away.
- ✓ Bolted to the frame for tamper proofing.

Go Power! 200 Watt Solar Panel

All Catalina's are wired and prepped for solar standard. The panel and charge controller is an optional add from the factory.

RELIABLE POWER, ANYWHERE

SPECIFICATIONS

Rated power (Pm)	200W
Maximum power voltage (Vmp)	20.8V
Maximum power current (Imp)	9.62A
Open circuit voltage (Voc)	24.3V
Short circuit current (Isc)	10.09A
Power coefficient	-0.39% / °C
Voltage coefficient	-0.31% / °C
Current coefficient	0.045% / °C
Max power tolerance	+/- 5W
Cell type	Monocrystalline
Module efficiency	21.5%
Series fuse rating	15A
Maximum system voltage	600VDC (UL / IEC)
Weight	26.4 lb (12 kg)
Dimensions	59.06 x 26.3 x 1.57 in 1500 x 668 x 40 mm
Materials	Clear anodized aluminum frame; tempered glass
Warranty (Power Output)	25 years

Power Specifications calculated at STC:
• Irradiance: 1000 W/m²
• Cell Temperature: 77 °F (25 °C)
• Air Mass: 1.5

Key Benefits:

- ✓ **Produces 9.6 amps** of power charging capability, **per hour**, under standard solar conditions.
- ✓ Capable of running a 12V refrigerator.
- ✓ Monocrystalline power cells for higher efficiency.
- ✓ Industry standard quick connect cables.
- ✓ 25-year limited solar panel output power warranty.

Go Power! 30 Amp Bluetooth Solar Charge Controller

Key Benefits:

- ✓ Capable of handling up to **600 watts of solar power.**
- ✓ **Bluetooth® ready** with the Go Power! Connect app.
 - Set the battery type and charging profile
 - Turn your compatible Go Power! ISW Inverter on or off
 - Toggle Maximum Power Boost mode
 - View essential battery stats, including:
 - Battery Voltage
 - PV Charging Current
 - Battery State of Charge (SOC)
- ✓ **Regulates current flow** from your solar modules to your batteries.
- ✓ Temperature compensated pulse width modulation (PWM) charging.
- ✓ 4 battery charging profiles: Sealed/Gel, AGM, Flooded and LiFePO4 (lithium).
- ✓ 4 stage charging: Bulk, Absorption, Float and Equalize.
- ✓ Back lit LCD screen displays charging current, battery voltage and battery state of charge.
- ✓ Built-in USB charge port.
- ✓ Heavy-duty terminals for low resistance connections.
- ✓ Suitable for 12V solar systems up to 30 amps.
- ✓ 5-year warranty.

GP-SB-PWM-30BT SPECIFICATIONS

Nominal System Voltage	12V
Nominal Charge Current	30A
Battery Voltage Range	6V -- 16Vdc
Max Battery Charge Current	37.5A
Max Solar Power	600W
Display Consumption	15mA
Temp. Compensation	- 25mV/°C
Operating Temperature	- 40 to 60°C / - 40 to 140°F
Humidity	99% N.C.
Dimensions (H x W x D):	5.87 x 3.86 x 1.26 in; 149 x 98 x 32 mm
Weight	260 g / 9.2 oz
Maximum Wire Gauge:	#8 AWG/10 mm²
Warranty	5 years
Protection	Battery/Solar Reverse Polarity, Battery/Solar Short Circuit, Battery/Solar Reverse Current, Battery/Solar Over voltage up to 50V, Over temperature, Over Current

Multiple Ways to Use

1. Connect your mobile hotspot through RV-Link to boost hotspot capability.
2. Purchase a 4G LTE plan for direct Wi-Fi through cell towers.
3. Boost available Wi-Fi connections with ½ mile range.

Wi-Fi Prep

Magnadyne RV Link

Router and Modem is an after-market purchase.

<https://magnadyne.com/collections/rv-link-systems?custom=RV-Link>

Key Features:

Please note that the features below reflect the advantages of the model WF-CON-LTE product.

- ✓ High gain LTE antenna provide improved performance in remote locations.
- ✓ Connect your Hotspot through RV-Link to boost hotspot capability.
- ✓ Roof mounted WIFI/LTE extender uses high gain antennas to boost WIFI signal at campgrounds, recreation areas and rest stops. (1/2-mile range)
- ✓ Router is easily configured in 10 minutes or less using a smartphone, tablet or computer.
- ✓ 4G LTE Module: Optimized for M2M and IoT devices 150Mbps downlink rates 50Mbps uplink rates.
- ✓ WIFI: Has a Frequency of 2.4GHz, a range 1/2 mile, and dual Wi-Fi antennas.
- ✓ LTE module certified to work on AT&T, Verizon, and Rogers network (LTE setup instructions for are in the router quick-start guide or by contacting Magnadyne support).
- ✓ Other providers are compatible. You would just need to replace that providers SIM card in the modem portion of the kit.

The Catalina Cabinet Process

Lumber Core Stiles:

Our construction requires us to use real lumber core stiles, so the screws have something to grip into securely.

Pocket Holes:

Using a jig, we drill precise pocket holes for the screws we use in our construction. This ensures quality and strength every time.

Framing Table:

No guess work! This ensure the right angles and strongest fit for all of our cabinets.

See The Difference!

X Particle Board

- Not a strong material core material for construction
- Does not stand up to temperature changes and humidity

X Stapled

- Does not offer the same security and hold as screws
- Inconsistent from stile to stile and cabinet to cabinet

X Construction

- Stapled cabinets are often built without the use of a framing table. This creates inconsistencies, gapping and unlevelled cabinets.

Seamless Thermofoil

Counter Tops

The production process and key quality indicators:

- ✓ CNC routed to specific engineered specs
- ✓ Complete glue coverage preventing separation or gaps
- ✓ Totally seamless coverage of the substrate; no gaps & separation
- ✓ Heat and pressure adherence process for a smooth high-quality finish
- ✓ Hand trimmed to prevent damage and ensure quality coverage

At Catalina we use our thermofoil counter tops in:

- ✓ The Kitchen/Galley
- ✓ Dinettes
- ✓ Camp Kitchens
- ✓ Bathrooms

AVOID THIS!

Correct material is selected and loaded, then parts are cut by our CNC routers, automatically switching between tools for desired finished appearance.

After parts are cleaned of debris, they are moved to the glue department. Surfaces that require vinyl are sprayed evenly and thoroughly.

The parts are now sent into the press, where heat and pressure will form and adhere the vinyl to the substrate.

Parts are now hand trimmed to remove excess vinyl, placed with the order, and sent to packaging.

[Check Out How
They're Made!
Click Here](#)

[Check Out Our Video!
Click Here](#)

If necessary, the products are sent to buildup. Here buildup (drop edge) is applied. CNC routed buildup is glued then pin-nailed in place.

[Back To Table of Contents. Click Here](#)

ADVANTAGES:

- ✓ **Quicker** black tank cleaning process.
- ✓ **Easier** method with no additional equipment needed.
- ✓ **Cleaner** than dumping water buckets or pulling a hose through your camper.

3 easy steps!

1. Connect the hose to your black tank flush port
2. Open your black tank evacuation valve
3. Turn on the water.

[Check Out Our Video!](#)
[Click Here](#)

*Traditional black tank cleaning methods require **more equipment**, **take longer** and **are messy**.*

You're going to need a long hose!

You have to drag it through your camper to the bathroom.

Fight the hose and cleaning attachment down the toilet.

Hoping the tank is getting cleaned properly as you twist and turn the hose.

What a mess! Now what?

Getting the dirty hose back out of your trailer. Yikes!

[Back To Table of Contents. Click Here](#)

Fully Integrated into our
NXG Hucked Frame

Key Benefits:

- ✓ Manufactured with HSLA – **High Strength Low Alloy Prime Steel** with specifically controlled properties.
- ✓ **CNC controlled rail fabrication eliminated inconsistency** of frame components, including spring axle hanger placement.
- ✓ Mechanically and CNC applied to achieve the desired **positive camber, specific to each floorplan**
- ✓ Component parts are **painted separately, then assembled**.
- ✓ **Manual welding is minimized**. Common components are **robotically welded for consistent quality**.
- ✓ All fastened components are joined with Huck® fasteners. **Huck® fasteners provide consistent clamp load**

Eliminates:

- ✓ Frame failures due to sub-standard steel.
- ✓ Inconsistent placement of frame component parts.
- ✓ Uneven main rails – varying camber and squareness.
- ✓ Corrosion caused by incomplete paint coverage.

CATALINA

TRAIL BLAZER

Through Frame Slide out

NXG FRAME

Description

BAL has set the new standard in slide-out technology with the award winning 'NXG SLIDE' rack drive slide-out. The NXG SLIDE system provides an unmatched level of durability and precision that was not available in older generations of slide-out mechanisms. Due to the systems rigidity and tightness, a user should experience years of trouble-free performance. All components of the NXG SLIDE mechanism are individually coated with highly effective corrosion-resistant e-coat or plating for extended life of the slide-out drive. Required maintenance is limited to periodic cleaning and lubrication of the main drive arms of the system. U.S. patent pending.

Key Features:

- ✓ **Arched Design** – Strong, tighter, and more durable design that helps hold the room against the trailers side wall.
- ✓ **Rack and Pinion Drive System** – Simple and reliable system with a single motor and easy manual override.
- ✓ **More Space!** – Rack and pinion slide systems offer more head room and more depth than other slide systems on the market today.
- ✓ **Slide Room Supported by Frame** – The through frame design means the slide room itself is engineered into the frame for that specific floor plan. This adds support to the slide room and helps take the load off the sidewalls.

[Back To Table of Contents. Click Here](#)

Enclosed & Sealed Underbelly

Key Features:

- ✓ Protects holding tanks, plumbing, and electrical components from the elements and debris when traveling.
- ✓ We use expanding foam sealant to completely seal the underbelly. This creates a “dead air” space for added insulation properties.
- ✓ Traps radiating air from our in-floor heat ducts.
- ✓ Improves tow ability by reducing drag and buffering.

CATALINA

TRAIL BLAZER

Tredit Advantage Program

- ✓ **4 years of roadside assistance coverage.**
- ✓ **24/7 Nationwide roadside assistance.**
- ✓ **Easy to use app for your phone.**

[Click Below for more information](#)

Helps with:

- Tire Changes
- Towing
- Jump Starts
- Gas Delivery
- Car Lockout
- Key Replacement

Aluminum Fender Skirts

& Wheels

Aluminum Fender Skirt Benefits:

- ✓ They won't crack at the screw points needing replacement.
- ✓ They won't color fade from sun exposure or road debris.
- ✓ They look sharp and add to the overall high standard look Catalina has become synonymous with.

Aluminum Wheels Benefits:

- ✓ Lengthens the life of the tire with less weight and improved heat dissipation.
- ✓ Lighter weight improves fuel economy, improves the life of the brakes, and helps reduce tread degradation.
- ✓ Improved heat dissipation helps maintain optimal tire pressure, improves fuel economy, and prevents excessive tire wear.
- ✓ Will NOT rust. Maintaining the clean, sporty, look for years to come.

35,000 BTU Furnace

Dare to Compare!

Very few direct competitors use a 35,000 BTU furnace!

ADVANTAGES:

- ✓ Longer Camping Season
- ✓ More Comfort in Lower Temperatures
- ✓ Less Run Time to Maintain Temperature; Saves Propane

Water Heater & Furnace

6 Gal. Gas & Electric Water Heater

ADVANTAGES:

- ✓ Direct Spark Ignition allows the user to start the water heater from inside their camper.
- ✓ Quick Recovery allows up to 16.2 gallons of water to be heated per hour
- ✓ Gas and Electric feature is STANDARD compared to gas only models used by the competition
- ✓ Water Pump/Winterization Kit (shown in the picture above) allows the user to easily bypass and winterize their own camper.

Interior Added Convenience Features

12V Vent Fan

THE BENEFITS:

- ✓ Living Room Ventilation.
- ✓ Natural Skylight.
- ✓ Air Circulation.
- ✓ Prepped for aftermarket upgrades.

Stainless Steel Drying Rack

THE BENEFITS:

- ✓ Rolls up for easy storage.
- ✓ Rolls up to offer dual use of sink and rack.
- ✓ Let dishes or items dry over the sink.
- ✓ Sleek, modern look.

USB/USB-C/12V Outlets

THE BENEFITS:

- ✓ Powered by 12V, unlike the 110V plugs, so it offers charging capabilities from the battery.
- ✓ One on each side of the main bedroom. Also placed in the kitchen and bunk rooms.

Shower/Coat Hooks

THE BENEFITS:

- ✓ Mostly found in our bathrooms as towel hooks.
- ✓ Adds a small convenience for customers and free's up storage space.

Exterior Added

Convenience Features

G20 Tinted Windows

THE BENEFITS:

- ✓ Only 20% of UV light gets through.
- ✓ Keeps the unit cooler.
- ✓ Protects furniture from sun fade.
- ✓ Adds some privacy during the day.

360 Siphon Roof Vent Cap

THE BENEFITS:

- ✓ Air passing through creates a vacuum.
- ✓ Gases are drawn out.
- ✓ Eliminates Odor.
- ✓ Built-In Screen Keeps Bugs Out.

LP Quick Connect

THE BENEFITS:

- ✓ Runs off of the Standard LP Bottles.
- ✓ Convenience for Grilling or Cooking with LP.
- ✓ Quick Connect Hose Attachment.

Battery Disconnect Switch

THE BENEFITS:

- ✓ Completely Disconnects the Battery from All Systems.
- ✓ Saves Battery Life.
- ✓ Conveniently Accessible on the A-Frame.
